PROFILE

I'm an IT student who loves creating websites that are both eye-catching and user-friendly. I enjoy turning creative ideas into engaging web experiences using coding. As I get ready to start my career, I'm excited to work with energetic teams on fun projects. I'm eager to use my skills to make websites that really stand out and make a difference

PROJECTS

VirtuRecruit : An online Interview Platform

Technology : HTML, CSS, JS, Bootstrap, NodeJS, ExpressJS, MongoDB

- VirtuRecruit is a team project aimed at improving campus recruitment. I developed the website design and created the frontend using HTML, CSS, JavaScript, and Bootstrap. My contributions ensured a user-friendly, responsive, and visually appealing platform for seamless recruiter and job seeker interactions.

DocEase : Pre-order Printing Services

Technology : HTML, CSS, JS, Bootstrap

- DocEase is a project I built focusing solely on the frontend design, implemented using HTML, CSS, and JavaScript. The website allows users to place orders for stationery to be printed in advance, ensuring a streamlined and user-friendly experience for customizing and ordering their stationery needs.

Portfolio : Website Showcasing My Projects and Skills

Technology : HTML, CSS, JS, Bootstrap

- I built my personal portfolio website using HTML, CSS, and JavaScript. This website showcases my projects and skills in a clean and visually appealing manner. It serves as a professional platform for potential employers and collaborators to learn more about my work and capabilities in web development.

SKILLS

Technical Skills

HTML CSS JavaScript Bootstrap ReactJs

Soft Skills

Good communication skill People Management Great problem-solving skill Creative Thinking

EDUCATION

Bachelor of Engineering - IT

Government Engineering College Gandhinagar

📅 2022 - Present

- Member of Placement Coordinator Team

CGPA

9.17 / 10

Diploma - IT

R C Technical Institute

📅 2019 - 2022

- College Branch Topper

CGPA

9.76 / 10

SSC

St. Blaze English School

Percentage

73 / 100

AWARD

Institute Topper- Information Technology

CERTIFICATION

- **Introduction- Front End Development**

I have successfully completed the "**Introduction to Frontend Development**" course by **Simplilearn**. This course covered essential topics including *HTML, CSS, CSS Animations, JavaScript, ReactJS, and AngularJS*. Through this program, I gained foundational knowledge and practical skills in creating dynamic and responsive web applications using these technologies.

- **Introduction- JavaScript**

I have successfully completed the "**Introduction to JavaScript**" course by **Great Learning**. In this course, I learned *foundational JavaScript concepts*, including variables, functions, loops, conditional statements, and more. This program provided me with a solid understanding of JavaScript, enabling me to create interactive and dynamic web applications.

- **Introduction- Web Design**

I have successfully completed the '**Introduction to Web Designing**' course by **Great Learning**. During this course, I acquired foundational knowledge in web designing, covering essential topics such as *website design and planning, content strategies, UI/UX design principles, legal considerations, website applications, and web development fundamentals*.

- **Responsive Web Design**

I have completed the '**Responsive Web Design**' course by **Free Code Camp**, where I submitted *mini projects* such as a *survey form, tribute page, and product landing page*. This experience has enhanced my skills in responsive web design, enabling me to create adaptive and user-friendly websites effectively.
